

Boutique Limes Hotel just the tonic for Brisbane

A stylish boutique hotel complete with rooftop bar and cinema is set to be a hit in Brisbane's cosmopolitan inner-city Fortitude Valley.

Designed by award-winning designer Alexander Lotersztain, The Limes Hotel offers 21 rooms and is located in the Valley's Constance Street. While it doesn't offer traditional hotel services like turn down and valet parking, guests will enjoy complimentary wireless and broadband internet, Dello Mano brownies on arrival, L'Occitane toiletries and passes to Valley Metro Fitness First, as well as daily continental breakfast served on the roof top. The Limes' open air roof top bar will be both open to the public and available for private parties while its roof top cinema will start screening modern movie classics around Spring.
